Dear Brett and the Greensboro Development Review Board,

We are writing in regards to the zoning application submitted to the Greensboro Development Review Board by our neighbors, Robert and Carol Calcagni. We discussed their application to repurpose their garage into additional family living space and we understand that the garage will remain the same size and appearance.

We support their application and feel their plan fits with the character of the neighborhood and since it is in keeping with the original footprint, would not cause any adverse affects to the shoreline.

Thank you for your time, consideration and hard work.

Warmly,

Stacey and Ian Ambler
