#### Variance Criteria:

"The DRB may grant a variance and render a decision in favor of the appellant only if all of the following facts are found, and findings are specified in its written decision.

- 1. There are unique physical circumstances or conditions, including irregularity, narrowness, or shallowness of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property, and that unnecessary hardship is due to these conditions and not to the circumstances or conditions generally created by the provisions of these regulations in the neighborhood or district in which the property is located;
- 2. Because of these physical circumstances or condition, there is no possibility that the property can be developed in strict conformity with the provisions of these regulations and that the authorization of a variance is necessary to enable the reasonable use of the property;
- 3. The unnecessary hardship has not been created by the appellant;
- 4. The variance, if authorized, will not:
  - a) Alter the essential character of the neighborhood or district in which the property is located;
  - b) Substantially or permanently impair the appropriate use or development of adjacent property;
  - c) Reduce access to renewable energy resources;
  - d) Be detrimental to the public welfare.
- 5. The variance, if authorized, will represent the minimum that will afford relief and will represent the least deviation possible from these regulations and from the plan." (Pages 37 & 38 of the Greensboro Zoning By-Law).

At your DRB hearing, you will be asked to present your proposal. Please be prepared to explain why your project should be granted a variance.

### Permission to Enter Property & Applicant Certification Signatures

Signature of Landowner(s)

your property.

Revised 3/2023

Signing of this application authorizes the Zoning Administrator to enter onto the premises for the purpose of verifying information presented.

The undersigned hereby certifies that the information submitted in this application regarding the above property is true, accurate and complete and that I (we) have full authority to request approval for the proposed use of the property and any proposed structures. I (we) understand that any permit will be issued in reliance of the above representations and will be automatically void if any are untrue or incorrect.

This permit is void if the development under this permit is not begun within one year of the date of approval or if construction is not completed within two years.

Note: Failure to develop your property in accordance with your application and any conditions of this permit may result in an enforcement action and may affect your ability to sell or transfer clear title to

Appeal from a decision or act of the Zoning Administrator must be made in writing to the Development

Construction may not be started until 15 days from the date of approval on this permit.

Signature of Applicant(s) Health-ful Date 9/16/24

Review Board, c/o the Town Clerk's Office at the address shown above, with the appropriate fee, within 15 days of the decision or act. Failure to appeal this decision will mean that all interested persons are bound by this decision and will foreclose these persons from contesting this decision either directly or indirectly in the future. This permit shall not take effect until the time for such appeal has passed.
Please note that this is only a local permit and state permits may be needed for your project. Please contact the Permit Specialist at the VT Agency of Natural Resources at (802) 751-0127.

## Plans Design<sup>e</sup> 12' Octagon Gazebo Plans

Cosign 10112

#### Feature:

- > 12' diameter floor
- > 12' overeil hight
- > 6"-4" woll Hight
- +45" ½" wide entering
- Classic style

## Plans Include:

- Complete list materials
- > Step-by-step instructions
- Cutting lists
- » Debit drewings
- > Safety and helpful hints

Plan Design: A quality set of plane come with every detail you need to complete your project with a limited amount of time, money and tools for any lovel skill of buildors.

1. to that complication, there's the challenge of a huge, disruptive building process on a site that has to be functional day to day for the road crew. For these reasons, building on the current lot could end up being the most expensive and least desirable option.

Faced with this, the group looked at the fire station lot as a site for the new town garage (the building only). The sand pile, salt shed, and outside storage of equipment and supplies would remain at the current location. There could be substantial savings by not tearing down as many buildings and from possibly sharing fire station infrastructure.

Gary suggested the Board ask residents what they think about this idea.

#### OTHER BUSINESS

1. Caspian Critters 4H gazebo project – Laura Hill. While \$7k in ARPA funds have already been approved by the Selectboard to install a gazebo at the town park, Laura requested Board approval to move forward with the project. Gary asked whether permanent seating and solid walls will be part of the project, features the Craftsbury Common gazebo has. Laura said she believed seating would be part of the project. Eric made the following motion:

The Board approves installing a gazebo at the town park, and an application may be submitted to the Zoning Administrator.

Gary seconded the motion which carried unanimously.

2. Selectboard rules of procedure. Peter asked Board members to review the Selectboard rules of procedure. He'd like to see the Board 'improve its game' and has some changes to the document in mind. He said others may also have changes to propose, and a discussion will be held next month. After discussion, Gary made the following motion:

All town policies and ordinances will be put on the town website, where both the Selectboard and public can be made aware of and have easy access to them. Town policies and ordinances include the Selectboard Rules of Procedure, ATV Ordinance, Personnel Policy, Drug & Alcohol Policy for Commercial Motor Vehicle Operators, Purchasing Policy, Investment Policy, and the Conflict of Interest Policy.

Peter seconded the motion, which did not carry (G.C., D.K. in favor; E.C., P.R., E.H. abstained).

#### **EXECUTIVE SESSION**

Peter made the following motion:

The Board will enter executive session at 8:50 PM to discuss a contract.

Eric seconded the motion which carried unanimously.

The Board left executive session at 9:03 PM. Peter made the following motion:

The Board appoints Gary to be a driveway plowing liaison.

Dave seconded the motion which carried (P.R., D.K., E.H., E.C. in favor, G.C. opposed). Gary declined the appointment.

#### **ADJOURNMENT**

The meeting was unanimously adjourned at 9:05 PM.

Respectfully Submitted: Josh Karp, Selectboard Clerk

AMENDED 6/15/23 J.K.
