

ARPA Meeting 11/30/22

Present: Brett, Kim, Beth, Jane, Judy, Stew, Dan and Ellen

Jane addressed the email that had been sent to everyone about concerns on the scoring and the issue of the Nursing Home and Craftsbury Community Care Center missing out on potential funding. Jane inquired of Dan whether their proposal to decrease the amount going to the fire dept and putting some money towards these two institutions would damage the integrity of the scoring.

Discussion was had on how best to address this so that we could recommend some funding to towards these two organizations. It was agreed that we would cap each grant proposal at \$24,000.00 which would enable us to recommend funds going to the Greensboro Nursing Home and Craftsbury Community Care Center.

Dan is to create a narrative for the Selectboard and will share this with the committee prior to making his presentation to the Selectboard. Brett to talk to Peter Romans to gauge best time for Dan to make presentation.

Dutifully submitted by,  
Beth Meachem
