The Board of Civil Authority convened to conduct the 2025 Biennial Checklist Review as required by Vermont Statute. The board members reviewed the most recent voter checklist name by name and considered, for each person whose name appears on the checklist, whether that person was still qualified to vote.

In any case where the Board was unable to determine if the person is still qualified to vote, the BCA directed the Town Clerk to send a written notice to the person that they identified 56 individuals to receive the written notice.

Adjournment: The meeting unanimously adjourned at 5:10 pm
