

Caspian Lake Beach Committee meeting
10/4/21 4PM

Present: Opie Upson, John Schweizer, Linda Shatney, Michael Ambrosino, Adam Whitney, Ila Hunt

5/24/21 minutes read and approved

We welcome our new members, Opie Upson, Hardwick Town Manager, and Michael Ambrosino, Hardwick Electric board member

The granite benches, coordinated by Devin Burgess and financed by the Recreation Committee, will be installed later this month with the help of the Greensboro road crew and Boomer Mercier. The replaced wooden benches will be donated to the library.

The committee agreed not to repaint the building doors red (we will leave them white).

Two truckloads of beautiful bank sand were delivered in the Spring by Gravel Construction and donated by the Recreation Committee. Adam and Earl will continue to periodically rake as necessary.

Canada Gosse update: Adam was collecting a sheetrock bucket every day, and was definitely worse this year than last. In the Spring we will contact the Agriculture department to discuss options.

I will contact Laura of Hillcrest Nursery in the Spring if the 3 maple trees need replacing.

Michael Ambrosino, a Hardwick Electric board member will take necessary ideas to the Hardwick Electric Department meetings.

We will work with the Recreation Committee to facilitate swimming lessons.

I will enquire about the possibility of having a port-a-let at the beach in the winter.

Opie will look into any applicable grants that he can access to help the beach and its patrons.

Meeting adjourned at 5PM

Respectfully submitted,

Ila Hunt
