Kim: Neither Peter no I can be at the meeting Wed evening so here is a bit more explanation.

Last year the road crew told me they were going to provide a culvert at my tenant's driveway and install it. This didn't happen. After this year's flooding my tenant had more erosion at the end of his driveway onto the road and I purchased a 20 ft / 15" culvert and not installed it yet. (The previous culvert was 30 ft and 12" diameter and had been plugged for 2 years) When the road crew was installing culverts on Gebbie Rd they installed mine. In addition, at the driveway and below it, there was a 30" deep washout from flooding last year and this year. Now the water is diverted into the field.

It seems the road crew has installed culverts at:  
Sharon Jacobs-Town Hgwy 8  
Susan Cammer-Gerstein-Rocking Rock Rd  
Aileen Gebbie-Gebbie Rd  
John Downing-Gebbie Rd (into a hay field)

I assume the Town has paid for these culverts and I am requesting the Town reimburse me for the one I purchased: \$343.44

Thank you for your consideration.

Peter & Sandy Gebbie
