### **Greensboro Selectboard**

### December 4, 2024 Budget Meeting - Minutes

[ This was a hybrid meeting held at the Greensboro Free Library ]

**SELECTBOARD MEMBERS PRESENT:** Eric Hanson, David Kelley, MacNeil, Ellen Celnik, Bobbie Nisbet

**SELECTBOARD MEMBERS ABSENT: None** 

OTHERS PRESENT (in person): Peter Romans, Jennifer Lucas, Kim Greaves, Josh Karp, Brandy

Smith

OTHERS PRESENT (remote): None CALLED TO ORDER: 1:09 PM

Discussion of the FY26 budget.

Eric said the draft budget is showing a 7.1% increase over FY25.

Jennifer suggested looking at revenue. Discussion of the fact that a substantial increase in property values could lead to a reduction in the tax rate at current spending levels.

David talked with Sheriff Harlow about his concerns with the police budget. In response, Sheriff Harlow presented a renewal contract with the same coverage for \$6k less. A number of selectboard members responded that they are uncomfortable cutting the police budget. Peter said the town is getting great service from OCSD and saving a fortune over Hardwick Police. Sheriff Harlow didn't increase her contract the first year, maybe a little the second or third year, their budget is pretty bare bones. It's wrong to not pay the Sheriff what she's asked for, don't you think their expenses have gone up?

David said while he understands everyone is against cutting the police budget, other towns have a lower tax rate. Regarding police coverage, Ellen said she's talked with deputies about Rt. 16 being a corridor for drug activity and that a police presence is important. She added that the folks at Smith's Store really appreciate OCSD coverage in the Bend.

Peter suggested asking Sheriff Harlow what increase she would have proposed for the new contract, had David not contacted her. This amount could be the starting point for a budget discussion. Ellen said the board might consider an increase of 2.5%, the federal COLA. Eric will discuss the police budget with Sheriff Harlow.

Discussion: what amount of extra FEMA funds should be counted on to offset budget expenditures? Peter suggested removing costs for gravel pit overburden (\$40k) and road project materials (\$25k) from the budget, under the assumption that these costs will be covered by the FEMA funds. Jennifer said this is not an ideal approach from an accounting perspective, since these line items will go negative when the

costs are incurred if no funds are budgeted for them. A better approach is to leave the amounts in there and instead include the extra FEMA money under revenue.

It was agreed to count on a revenue of \$65k in extra FEMA funds to offset the overburden and road projects line items. Josh suggested that these extra FEMA funds be used carefully, perhaps just for special projects or purchases. If they're used for recurring expenses, the tax rate could jump when these funds are depleted.

Ellen said old technology in the town offices will cost more in the long run, and we need to invest in keeping our hardware up to date and improve our data backup processes. Kim said I.T. consultant Andy Mosedale recommended that the town improve its approach to data backup. He, Ellen and Kim will be meeting with a backup service provider to discuss options moving forward.

Kim introduced Woodbury town treasurer Brandy Smith, who is helping out in Brett's absence.

Kim said she's asked NEMRC to process the town's W2s and 1099s this year. This will ease some of Kim's workload and she said the service is reasonably priced.

Regarding the road crew trialing a salt brine system next winter, Peter said a selectboard member needs to follow through and reach out to other towns that are using this system. The board approved Peter discussing this with other towns.

Eric said the selectboard will host two budget meetings to solicit public comment, on 12/12 and 12/16.

#### <u>ADJOURNMENT</u>

The board adjourned unanimously at 1:50 PM.

Respectfully Submitted: Josh Karp, Selectboard Clerk

### Greensboro Selectboard

### December 11, 2024 - Minutes

[ This was a hybrid meeting held at the Greensboro Free Library ]

SELECTBOARD MEMBERS PRESENT: Eric Hanson, David Kelley, MacNeil, Ellen Celnik, Bobbie Nisbet SELECTBOARD MEMBERS ABSENT: None

**OTHERS PRESENT (in person):** Kim Greaves, Josh Karp, DeDe Stabler, Davis Barnett, Erika Karp, Naomi Ranz-Schleifer, Tim Nisbet, Judy Carpenter, Bill Chidsey, Stuart LaPoint, Tom Camarra

OTHERS PRESENT (remote): Janet Long, Aileen Gebbie, Andy Mosedale, Christine Armstrong, Dan Predpall, Diane Irish, Elaine Cole-Kerr, Elissa Mackin, Gary Circosta, Ila Hunt, Robin Hardy, Rick Lovett, Nancy Riege, Mike Lammert, Nancy Lammert, Michael Porrazzo, Meaghan Meachem, Beth Meachem, John Mackin, Michelle Mackin, Lise Armstrong, Kristen Leahy, Kent Hansen, June Bascom, Diane Irish, Rick Ely, Lisa Sartorius, Paul Brierre, Jenny Gundy, Lisa Yokana, Barbara Noyes Pulling, Bob Harnish

#### **CALLED TO ORDER: 6:30 PM**

#### ADDITIONS TO THE AGENDA

- Kim: I.T. disaster recovery; Better Roads grant
- Stuart Lapoint: new tree for Town Park
- Eric: police contract
- Dan Predpall: LVRT amenities grant; Greensboro Bend water issue
- Agenda correction: appointments are for the Energy and Climate Action Committee, not the Conservation Commission.

#### **MINUTES**

David made the following motion:

The board approves the minutes from the 10/9, 11/13 and 11/20 budget meetings; 11/21 and 11/26 special wastewater meetings; and the 11/13 regular meeting.

MacNeil seconded the motion which carried unanimously.

#### SELECTBOARD RULES OF PROCEDURE

Eric said Bobbie has worked hard over the past few months updating the selectboard's Rules of Procedure and proposed that the board approve the revised version. MacNeil made the following motion:

The board adopts the revised "Rules of Procedure for Greensboro Selectboard".

David seconded the motion which carried unanimously.

#### **PUBLIC CONCERNS**

**Stuart LaPoint.** Stuart offered to split with the town the \$400 cost for purchase and installation of a yellow birch or red maple at the Town Park. After discussion, David made the following motion:

The town will contribute \$200 towards the purchase and installation of a yellow birch tree at the Town Park.

MacNeil seconded the motion which carried unanimously.

#### ORLEANS COUNTY SHERIFF'S DEPT.

The town received a \$200k proposal from Sheriff Harlow for FY26 policing services, a modest \$5k increase over the current contract price.

David said some of the smaller towns in our area pay much less for police coverage, and he asked to postpone the contract vote until he's clear what kind of coverage these towns are getting for these lower-priced contracts. While David said the OCSD is doing a good job and their presence is important, Greensboro's policing costs are high and the board is trying to budget responsibly.

Bobbie said the police line item can be discussed and amended at the 2025 town meeting. She added that many residents of Greensboro Bend appreciate the regular OCSD coverage. MacNeil made the following motion:

The board will postpone signing the FY26 Orleans County Sheriff contract to allow David to complete his review of police contracts and coverage provided to area towns.

Bobbie seconded the motion which carried (MacNeil, Hanson, Nisbet, Kelley in favor; Celnik abstained).

Gary urged the selectboard to sign the FY26 contract. These other towns don't receive anywhere near the level of service we get, and historically Greensboro voters have overwhelming supported a high level of police coverage, he said.

#### **GREENSBORO FIRE DEPT.**

No report was available this evening.

#### **ROADS & DRIVEWAYS**

- 1. Sidewalk machine. Tom said the town's sidewalk machine, an older unit, keeps breaking down. Last year it required \$17k in repairs, and more repairs are needed. How long do we want to continue using this old machine? Tom proposed replacing it with a skid steer that could be used year-round for a wide variety of tasks. The current cost of a new skid steer with sidewalk clearing attachments is \$62k. MacNeil will discuss with Tom and John Schweizer, who's been working with Tom on the HERF.
- 2. Better Roads grant. Kim reported that a \$6900 state road grant is available to complete a required update of the town's road inventory. NVDA has inventoried town roads in the past and could likely do this work again. The grant has a required town match of 25% and the inventory must be completed by 2027. Ellen made the following motion:

The board accepts the Better Roads grant as presented.

MacNeil seconded the motion which carried unanimously.

3. Shadow Lake Road bridge replacement. Engineer Dexter Lefavour put out an RFP for the bridge replacement and eight bids were received. Bids were opened on 12/6; Dexter recommends the board accept the lowest bid, from Isaac's Excavating LLC (West Charleston). David made the following motion:

The board accepts the \$308,730 bid from Issac's Excavating for the bridge replacement on Shadow Lake Rd.

MacNeil seconded the motion which carried unanimously.

The work will happen next summer and take three or four weeks. Josh said 97.8% of project cost will be picked up by FEMA and the State, with the town covering the remaining 2.2%.

**4. Salt contract.** Cargill quoted \$96.25/Ton for 850 Tons of salt, a price increase of only 25 cents over last year. MacNeil made the following motion:

The board accepts the salt proposal from Cargill.

Bobbie seconded the motion which carried unanimously.

Tom and board members thanked Kim for taking on many extra tasks at the office since Brett's been out on medical leave. Judy thanked Tom for keeping the Bend Rd. in excellent condition this winter.

- 5. Driveway plowing. Eric said a driveway plowing liaison is needed. MacNeil agreed to do this.
- **6. FEMA.** Davis asked how much FEMA money the town has received to date; Josh said it's around \$300k. Eric asked Josh and Kim to write a report detailing FEMA payments received and expected. The town will pay off its two flood loans as soon as enough FEMA reimbursement comes in.

#### **TOWN CLERK / INTERIM TREASURER – Kim Greaves**

1. Town I.T. systems - improved backup. Kim and Ellen met with local I.T. consultant Andy Mosedale and a rep. From Firstlight, a regional company that provides backup solutions for commercial users.

Currently Kim does a rudimentary daily backup of the town's server. Firstlight would take over this task and do a more comprehensive backup. While their initial quote for this service was about \$500/month, they have since come down to around \$340/month. Ellen made the following motion:

The board accepts Firstlight's proposal for town office I.T. backups, as discussed.

MacNeil seconded the motion which carried unanimously. The new backup process will begin as soon as possible.

2. Town Report. Kim said she and Lily have begun work on the town report. Some of the financial reports may not be as comprehensive as last year, but they are doing the best they can with help from Jennifer Lucas and Woodbury town treasurer Brandy Smith.

Ellen commented that we are fortunate to have so many experienced people helping us out during Brett's absence.

#### **TOWN HALL REDEVELOPMENT / RURALEDGE**

Ellen said while there's no movement on the Purchase & Sales Agreement (PSA) at the moment, the town and RuralEdge (RE) are \$100-200k apart on a selling price for the town hall. While two different appraisals have been done, it appears a third will be required to settle the issue of the selling price. Ellen said both the town and RE will accept this final appraisal, which must be done by a VHFA/HUD-certified firm.

Eric said everyone is getting tired of this process, and asked whether it will be possible to hold an up or down vote on the PSA on town meeting day? David said this can likely happen.

David said the PSA will include many conditions that will need to be met in order for the town to ultimately transfer ownership to RE, such as availability of water and septic, and local zoning approvals. If these various conditions can't be met, the project is dead.

Naomi: if RE is able to find a wastewater solution, wouldn't whatever site they find take away an opportunity for a village system? We have very real wastewater needs in the village center, why are we spending so much energy negotiating a PSA that will have many unknowns at the time it is voted on? Why even bother putting this to a vote?

Christine: since the PSA that the town will be voting on will have these many unknowns, why wait until town meeting to hold the vote? You're spending so much time and energy on this, I would encourage you to have the vote sooner.

Bobbie said the town signed an option agreement and we have to follow through with the process. We owe it to the town, and to those who are in favor of the project, to see this process through and bring it to a vote.

Eric said the option agreement expires at the end of December, and asked whether the town will need to extend this in order to finish negotiating the PSA. David said yes, the agreement will need to be extended.

#### **ONGOING BUSINESS**

1. Sign Policy. Davis said while the sign policy went into effect on 11/26, it appears the town is not following it. While the town constable removed 19 Save Town Hall signs that were placed on private property outside the ROW, the HCA placed event signs in the town ROW without a permit, yet these were left alone. This feels like a targeted cleansing. Gary agreed, there are dozens of other signs in the town ROW that have not been removed by the constable. Kim noted that zero permits have been filed to date.

Mike: we've created a tempest in a teapot, this whole thing is ridiculous. The only reason we're talking about this is because a few people didn't like the *Save Town Hall* signs. What about signs on trees such as 'no trespassing', 'Posted', or security camera signs?

Ellen: historically both the selectboard and planning commission have struggled with this issue. There wasn't a policy before because no one had figured out how to write one.

Beth complimented Bobbie on her hard work drafting the sign policy, but added there's clearly some confusion about some of the language.

David said some good points have been raised and the board should work to clarify the policy, especially regarding signs in the town ROW.

2. Community Wastewater Project. Eric said the town doesn't have a site or signed PSA, so will lose the \$2.5 million in ARPA funding. Bobbie said she was impressed with the conversations we've had with Hoyle Tanner, and their final PER report will detail what sites in town were investigated and would be useful if we apply for new wastewater grants in the future. David made the following motion:

The town will send a letter to the state requesting full rescission of the ARPA wastewater funds.

Ellen seconded the motion which carried unanimously.

Eric: we'll have to start over. I don't think the selectboard has the bandwidth to take this on directly, I propose standing up a new wastewater committee and charging them with investigating next steps and coming back to the board with recommendations. DeDe asked whether this new group would have anything to do with RuralEdge. Eric said it would not, it would be tasked with looking for wastewater solutions for the village center.

Ellen suggested this new group be structured as a "working group" or "task force" rather than an official town committee. Some board members felt that having to follow the open meeting law (OML) can make committee work inefficient and more difficult. Josh questioned why the board would form an unofficial group that wouldn't be required to post meeting notices and file meeting minutes, given the recent scrutiny the town has been under about a perceived lack of transparency.

Gary agreed that transparency is needed. He noted that the original wastewater committee did not keep track of their meetings properly. Eric also agreed, saying that this new group should be an official town committee. We'd invite people to apply, and lay out the rules and responsibilities the committee must adhere to. David made the following motion:

The board will form a new Community Wastewater Committee in the new year.

MacNeil seconded the motion which carried. (MacNeil, Kelley, Nisbet, Hanson in favor; Celnik abstained).

Janet asked if the Energy and Climate Action group is an official town committee. Beth said it is, and must follow the OML, in contrast with the informal Communications Working Group which was asked to do some research and provide recommendations to the board.

- 3. Glover property encroachment. David said an easement would give the property owners peace of mind, since their spring is involved. The language could specify that if they cease to use the spring, the easement is nullified.
  - Eric: We are now aware of this encroachment, what if we just do nothing about it? The selectboard is very busy and to me, this issue is not a big deal. If you disagree, come up with a concrete proposal. David said he'd ask the property owners to hire a lawyer and come back to the town with a proposal.
- **4.** Wake Boat hearings. David will be speaking on behalf of the town at the ANR hearing on Dec. 12. Naomi said ANR will receive written comments until Dec. 23.

#### OTHER BUSINESS

1. Rail Trail (LVRT) grant – Dan Predpall. Dan said the NEK Regional LVRT Council will be submitting a grant next week for amenities for six area trailheads. Greensboro is requesting an enclosure for the portalet, a bench, and a bike rack, all to be located across the street from the new trailhead parking lot.

The cost for these amenities is about \$10k with a 20% local match. Portolet rental fees already in the town budget can count towards the match, leaving about \$400 for the town to cover.

Naomi asked whether there is still a plan for a pavilion in that area. Dan said there would be space for this in the future. He added they're working out a plan to lease the land from VTrans. Ellen made the following motion:

The board approves paying the 20% town match for the LVRT grant.

MacNeil seconded the motion, which carried unanimously.

- 2. Greensboro Bend water issues. Dan said the Bend Revitalization Initiative is working on a project to repurpose the Methodist church, yet they've learned that the church no longer has a water allocation and the Bend's water system has no extra water. Dan said this is not only a problem for the church project but for everyone in the Bend, and will hamper future development.
  - Dan talked with the state, and was told that if he can find a few users of the water system to volunteer some of their time, they can approach the state about a preliminary engineering report to determine how the water system can be improved. Board members thanked Dan for his work on this issue.
- 3. Federal grant requirements. This past fall, Liz and Beth applied for and received pre-approval for \$65k federal grant through the Dept. of Energy. It turned out that in order to receive the grant, a host of policies need to be in place on the town level, many of which Greensboro doesn't have. Josh and Beth suggested that the town work with NVDA and/or VLCT to put these policies in place so next time a federal grant opportunity comes along, the town will be in a better position to receive grant funds.

Beth suggested that moving forward, grant applications include funding to cover some of the local administrative costs whenever possible.

Eric said Brett has historically done most of the grants administration, but as Josh's FEMA work winds down he can hopefully begin helping out with this work. David made the following motion:

The board approves Josh, Liz and Beth working to move the town towards federal grant compliant policies.

MacNeil seconded the motion which carried unanimously.

**4. Appointments to the Energy and Climate Action Committee**. Liz Steel let the board know that Blake Auchincloss and Bill Chidsey have volunteered to join the committee. David made the following motion:

The board appoints Blake Auchincloss and Bill Chidsey to the Energy and Climate Action Committee.

Bobbie seconded the motion which carried unanimously.

5. Interim Zoning Administrator and Development Review Board Chair. Eric said ZBA chair Jane Woodruff has volunteered to act as interim Zoning Administrator and will step down from the DRB for now. DRB vice chair Nat Smith will become acting chair of the DRB. David made the following motion:

The board approves Jane Woodruff serving as acting Zoning Administrator, and Nat Smith serving as acting chair of the Development Review Board.

MacNeil seconded the motion which carried unanimously.

**6. Declaration of Inclusion.** A group from Rutland County has a goal for all towns in the state to adopt a "Declaration of Inclusion". Eric read the Declaration:

The town of [ ] condemns racism and welcomes all persons, regardless of race, color, religion, national origin, sex, sexual orientation, gender identity and expression, age, disability, or socioeconomic status, and wants everyone to feel safe and welcome in our community. As a town we formally condemn all discrimination in all of its forms, commit to fair and equal treatment of everyone in our community, and will strive to ensure all of our actions, policies, and operating procedures reflect this commitment. The town of [ ] has and will continue to be a place where individuals can live freely and express their opinions.

Group members Barbara Noyes Pulling and Bob Harnish explained that this Declaration is a fancy name for a simple idea: asking towns and their residents to be respectful and condemn discrimination. The town of Franklin was the first to adopt this back in 2020, now 158 towns have adopted this or something similar.

The 2020 census indicates the VT population is stagnant and aging. This Declaration can make our state as attractive as possible, to help reverse population loss, better compete for business, address our labor shortage, and let newcomers know your town is an open community. VLCT, Vt Chamber of Commerce, VCRD, and Governor Scott all support this Declaration. Once adopted, funding for educational opportunities may be available from the VT Community Foundation. David made the following motion:

The board will adopt the Declaration of Inclusion as presented.

Ellen seconded the motion which carried unanimously.

#### **EXECUTIVE SESSION**

David made the following motion:

The board will enter executive session at 9:06 PM to discuss a Real Estate issue.

Ellen seconded the motion which carried unanimously.

The Board left executive session at 9:29 PM.

David made the following motion:

With regards to the Rural Edge project, the board authorizes the engagement of a third appraisal firm, approved by VHFA, to resolve differences in the purchase price and extend the option agreement with Rural Edge for six months with the intent of getting to a vote on a proposed conveyance at the 2025 Town Meeting.

Ellen seconded the motion which carried unanimously.

#### **ADJOURNMENT**

The board unanimously adjourned the meeting at 9:30 PM.

Respectfully Submitted: Josh Karp, Selectboard Clerk

- Draft only, not yet approved by the Selectboard -

### **Greensboro Selectboard**

### December 12, 2024 - Minutes

[This was a hybrid meeting held at the Greensboro Free Library, with some participants joining remotely]

SELECTBOARD MEMBERS PRESENT: Eric Hanson

SELECTBOARD MEMBERS ABSENT: Ellen Celnik, MacNeil, David Kelley, Bobbie Nisbet

OTHERS PRESENT in person: Kim Greaves, Josh Karp

**OTHERS PRESENT remote:** Christine Armstrong, Jennifer Lucas, Elaine Cole-Kerr, Rod Kerr, Gary Circosta, Janet Long, Wilfried Sieg, Naomi Ranz-Schleifer, DeDe Stabler, Diane Irish, Glenn Olds, Lise Armstrong

### FY26 Budget

Eric began the meeting at 6:30 PM. The selectboard has been working since October on a draft FY26 budget. At this point there's an overall budget increase of about 7%. Eric detailed aspects of the budget, including:

- 3.5% wage increase for town employees. Federal COLA is 2.5%, the board agreed to add an additional 1%.
- Health insurance costs have increased about 20%. The board agreed to leave health care plans and employee contributions unchanged from last year.
- The town's mandated contribution to the VMERS retirement system increased by about 10%.
- Highway budget increases are mitigated by long-time, part-time employee Wizzy Hall retiring from his town work.
- Sand and salt costs have increased.
- The board budgeted \$25k for 'special projects' on town roads; these are long-needed improvements Tom has identified.
- \$40k was allocated for gravel pit overburden removal. This has not been budgeted for historically; it's possible that an every-other year allocation will be adequate moving forward.
- The town has seen a substantial increase in the grand list, which will help moderate the municipal tax rate increase for many residents.
- Josh estimates the town will receive \$400-500k from FEMA above and beyond what the town borrowed for the 2023 flood repairs. This is reimbursement for road crew time, equipment use, and town gravel used for flood repairs. These funds could be used for any number of things including increasing the HERF and Capital Budget balances. The board is conservatively planning on using \$60k of this money to offset some FY26 budget increases.
  - While the past two years of flooding has been difficult, these additional funds will be a real economic benefit to the town.
- I John Schweizer worked with Tom on the Highway Equipment Reserve Fund (HERF). \$124k is allocated to the HERF for FY26, an increase of 3.5%. In FY26 the town will be replacing the grader (\$415k) and town pickup (\$60k). The current sidewalk clearing machine has been troublesome and Tom would like to replace it with a skid steer, a versatile piece of equipment that could be used year-round for many tasks. This would cost around \$60k including sidewalk attachments. This discussion is ongoing and the skid steer has not been included in the HERF at this time.

- In FY26, the same amount as in FY25. FY26 CB expenditures include paving the library parking lot (\$25k) and SCBA equipment for the fire dept (\$46k). The FY28 projection includes the first new town garage payment of \$114k, based on \$1.5 million financed over 20 years. Also included in FY28 is the first new firetruck payment (\$68k annually for ten years) as well as the purchase of a Jaws of Life (\$20k). The last firehouse payment (\$64k) will be made in FY29, along with a new firehouse roof (\$100k).
- The FY26 Orleans County Sherrif contract of \$200k reflects a price increase of just 2.5%.

#### Q&A

- Christine asked whether there's been raises for library staff, similar to town employees. Jennifer said library staff have also received the 3.5% pay increase.
- Christine urged the board to be conservative as it allocates the additional FEMA reimbursements discussed earlier.
- Christine asked whether the board has considered sharing personnel with other towns. Kim said a few years ago the town discussed sharing a grant writer with Glover but it didn't work out. Christine said she's aware of a number of grants the town has missed out on, and suggested board consider hiring a grant writer. If the town agreed to enact the 1% local option tax on rooms, meals, and alcohol the proceeds could be used to pay for a grant writer. Eric said there's been significant staff reconfiguration at the town offices and it will take some time for the staff to settle in to new roles. Lily will be working more hours than Jeanne did and will take on more tasks. Josh's hours have been increased with the assumption that as his FEMA work winds down, he can shift to other projects such as grant writing.
- Wilfried asked why the Highway Revenue numbers vary so much between FY23 (\$831k) and FY25 (\$132k). Gary said it appears that the FY23 figure is inaccurate.
- Eric said ideally we'd be finishing up the FY24 outside audit but with Brett on leave, we haven't been able to get this completed. We'll have some catching up to do early this coming year, he said.
- Josh: we're looking at huge costs for fire trucks, it seems like all small towns must be facing this fiscal challenge. Has there been any talk of regional fire departments, or towns merging fire departments? Or, would response time be too negatively impacted for this to be practical. Gary said the town bought used fire trucks in the past and asked why only new trucks are now being considered. Jennifer said part of this is that new OSHA requirements require fire departments to invest in modern equipment. Gary asked whether we'll have enough firefighters to operate these expensive trucks in the future, and wondered if the response time of our volunteer fire dept. may not be so different from a regionalized fire department.
- Eric and the road crew went to a talk describing the Hyde Park highway department's salt brine system. Hyde Park has seen a 30-40% reduction in salt use since they instituted this system. Eric said our road crew is planning to outfit one truck next winter to apply the brine. Greensboro could buy brine from Hyde Park for the time being so we wouldn't need to invest in the whole brine production system. Christine said it's very important to reduce our salt usage and urged the board to follow through and make sure this brine trial happens.
- Gary said as he understands it, the reappraisal fund currently has enough funds to cover the 2026 reappraisal. This means the board can likely remove the \$21k budgeted for this expense in the FY26 budget.

The meeting concluded at 7:30 PM.

Respectfully Submitted, Josh Karp-Selectboard Clerk

- Draft only, not yet approved by the Selectboard -

### **Greensboro Selectboard**

### December 16, 2024 Special Budget Meeting - MINUTES

[ This was a hybrid meeting held at the Greensboro Free Library ]

SELECTBOARD MEMBERS PRESENT: Eric Hanson, Ellen Celnik

SELECTBOARD MEMBERS ABSENT: MacNeil, David Kelley, Bobbie Nisbet

OTHERS PRESENT (in person): Kim Greaves, Josh Karp

OTHERS PRESENT (remote): Gary Circosta, Lise Armstrong, Liz Steel, Christine Armstrong

### **FY26 Budget Discussion**

Eric opened the meeting at 6:30 PM. The FY26 budget was discussed.

- Eric said the FY26 budget is up about 7%, but with revenue from an increase in the grand list and a conservative \$60k in 'extra' FEMA funds, most people should see their municipal tax rate go up very little.
- It's been determined that there are enough funds in the reappraisal fund, so \$21k can be removed from the Capital Budget.
- Gary asked about the purchase of two new fire trucks in FY28 and FY30. Eric said these purchases are a few years away and it could always be decided to purchase used trucks instead. The current plan is to finance two new trucks for ten years, with the FY28 truck purchase resulting in an annual payment of \$68,380 while the FY30 truck results in an annual payment of \$80,988.
- Gary asked about \$25,000 in the FY26 capital budget earmarked for paving the library parking lot. Eric said the lot is showing its age and has been recently damaged during plowing.
- Gary asked about the paving budget. Eric said the FY26 paving budget is \$200k, up from \$180k in FY25. The town tries to pave 1.5 miles a year to keep on track with a 7-8 year paving cycle.
- Eric said John Schweizer worked with Tom on the HERF, which they calculated needs \$124k in funding in FY26.
- Liz asked whether the FY26 Technology/IT line item, showing an increase of 36%, includes a website upgrade. Liz said the communications working group made a number of recommendations for website improvements, yet the board hasn't wanted to invest in this. Eric said the board has budgeted for some training for Lily, who could possibly undertake some website upgrades. Let's see what we can accomplish with the office staff this year, he said.

Kim said Maya McCoy does website upkeep for the town and is very responsive. Regarding the increase in the Technology/IT line item, Kim said some hardware upgrades in the town offices are needed.

Gary said he supports the recommendations made by the communications working group a few years ago, and as the board works to improve communications and heal some of the division in town, it should consider implementing everything the group is asking for.

- Liz asked why the Road Project Materials line item is up 525%. Eric said the \$21k increase is for hiring outside contractors to widen roads, improve ditches and replace culverts. Ellen added that much of this work is preemptive measures recommended by Tom based on recent flooding events and future climate change.
- Liz asked about the status of the driveway plowing contract. Kim said the contract was just renewed for three years. She explained that Perry's is paid a fixed fee no matter how many times driveways are plowed in any given winter.
- Appropriations. Kim said not all organizations have sent appropriation requests yet, and in a number of cases the FY26 budget reflects last year's requests. She'll put appropriation requests on the website as they come in. For new appropriations, the town requires a formal petition.

Eric said excluding Hardwick Rescue and the Nursing Home, appropriations amount to about 2% of the budget and are worth discussing. While many requests seem worthwhile, the town should come up with a way to review and assess these requests. Ellen said perhaps if a dollar threshold is exceeded, the town would ask the organization to provide an income/expense report so we can better understand how their organization operates. She said historically proposals to cut appropriations at town meeting have been voted down, with appropriations being increased in some cases.

Kim said while it's too expensive to include in the town report detailed descriptions of all organizations requesting appropriations, she and the board try to answer questions about these groups at town meeting.

Liz asked whether the amount budgeted for zoning administration is adequate, given that people are looking for more development opportunities for their properties.

Christine said she was on the interview committee that hired the current Zoning Administrator, and at that time it was just a two-day position.

When she compares the way our town office staff is organized with other towns in the area, she finds our arrangement confusing. What about reorganizing the town offices? Can we more clearly delineate which staff member is doing what? Should we consider hiring a town manager to support Kim and the Selectboard?

Eric said due to the recent reconfiguration of town staff, this will be a year of reorganization at the town offices. As his FEMA work winds down, Josh will have more time to work on other projects such as grants administration. Lily has been hired as assistant town clerk and will be taking on a variety of tasks. Moving forward, we might consider separating the treasurer and zoning administrator positions.

• Gary said the Orleans County Sheriff is offering the town an incredible service at a very reasonable price, and he's concerned about David's idea to reduce the police budget. According to Ellen, David did more research and realized that the area towns with cheaper police contracts receive very limited coverage. He is no longer pushing for cuts. Christine said she appreciates that David did some comparison and analysis. Looking at the budgets of communities around us is pretty eye-opening.

Eric said the board needs to approve the FY26 budget at its Jan. 8 selectboard meeting so the town report can be completed and sent to the printer's.

The meeting was concluded at 7:15 PM.

Respectfully Submitted: Josh Karp, Selectboard Clerk

Hi Kim-

As discussed, below is the appropriations separate line item request from the "Greensboro Swim Program at Caspian Lake". Please provide this to the SB as an additional agenda item for Wednesday evening's SB meeting. We will be present if there are any questions which arise at the SB meeting.

Devin Burgess, the President of the Greensboro Recreation Committee, has assented to this proposal in an email to me.

#### Separate Line Item Request:

We, the Greensboro Swim

Program on Caspian Lake, are requesting that the swim program be a separate line item in the budget and also be removed from the budget of the Greensboro Town Recreation Committee in order to facilitate a transition of the program to the Greensboro Association.

We further request an appropriation of \$4.000, which is an increase of \$2000 from last year's budget due to the increase in enrollment and classes offered, as well as cost.

Respectfully Submitted, Ila Hunt, Carolyn Kehler, Liz Baum & Erika Karp
