

Please find attached information on the cookie cutter type truck that we would be going for if the selectboard decides to go in that direction. This truck is as close to the one we would order if a brand-new truck were approved. I will be there Wednesday to answer any questions.

Thanks Dave

## 19745 - 2025 Deep South International Commercial Pumper

Brindlee Mountain Fire Apparatus is one of the world's largest used fire truck sales and service companies. Based just outside of Huntsville, Alabama, the company has forty-five full-time personnel occupying over 12,000 square feet. Our mechanics, all of whom are EVT certified, perform pump tests, general repairs, preventative maintenance, and body, collision, and paint work on over 500 used fire trucks every year.
